

# PARTNERSHIP FOR A BETTER TOMORROW

*STRONGER TOGETHER IN CYBERSECURITY*

CompCiti, a New York-based leader in IT solutions, specializes in cybersecurity, risk management, governance, and compliance. We aim to expand our global footprint by partnering with IT companies in the EU, combining our technical expertise with your market insights to deliver secure, tailored IT solutions.

## NAVIGATING

### COMPLIANCE IN THE EU

The EU's regulatory environment demands adherence to frameworks like:

**General Data Protection Regulation (GDPR):** Data protection and privacy.

**BSI IT-Grundschutz:** Information security management.

**NIS2 Directive:** Cybersecurity measures and incident reporting.

**ISO 27001:** Information security systems for sensitive data.

## WHY

### PARTNER WITH US?

CompCiti brings unparalleled expertise in cybersecurity and compliance, backed by decades of experience protecting businesses across industries. Our tailored solutions and in-depth knowledge of regulatory frameworks ensure that our partners and their clients stay secure and compliant in an ever-evolving digital landscape.

## HOW

### WE CAN HELP

**GDPR:** Advanced data protection and audits.

**Risk Management:** Frameworks like BSI IT-Grundschutz and ISO 27001.

**Incident Response:** Plans, training, and timely reporting.

**Governance:** Custom IT strategies for your clients.

## CYBERSECURITY & GOVERNANCE, RISK, AND COMPLIANCE ALLIANCE

A strategic alliance with a cybersecurity company enhances your organization's resilience against evolving cyber threats while enabling access to cutting-edge technology and expertise. This partnership can bolster your security posture by integrating advanced protection measures tailored to your industry, reducing risks of breaches and downtime. Additionally, collaborating with a cybersecurity provider demonstrates a commitment to safeguarding sensitive data, fostering trust with clients and stakeholders. Such alliances also streamline compliance with regulatory requirements, allowing your business to focus on growth with confidence in a secure environment.

## BENEFITS OF A STRATEGIC ALLIANCE

### For IT Organizations

**Enhance Service Offerings:** Strengthen your portfolio with cutting-edge cybersecurity, compliance, and risk management solutions.

**Build Client Trust:** Deliver proactive and reliable protection that meets the growing demands of digital security.

**Stay Ahead of Threats:** Access advanced technologies and expertise to safeguard your clients against evolving cyber risks.

### For Business Consulting Firms

**Expand Your Capabilities:** Offer in-demand cybersecurity and compliance services without additional overhead.

**Drive Revenue Growth:** Generate new income streams by integrating CompCiti's expertise into your consulting offerings.

**Deliver Lasting Value:** Strengthen client relationships by addressing their critical cybersecurity and compliance challenges.
